Data Owner Feedback

Can this dataset be published?

No

Making reference to the documented risk ratings above and the opportunity of sharing this data, what is your justification for this conclusion?

As this data contains detailed forecasted figures which are subject to change, this dataset could be misinterpreted as confirmed plans and therefore holds a reputational risk. This could have a negative impact on the public, consumer or competitor and potentially damage the reputation of SSEN Transmission.

What actions are required before this dataset is published? (Include documenting limitations, information for users, and ongoing monitoring required)

This detailed dataset can't be published openly and is for OFGEM only.

Could we do anything to make this dataset more usable to the public? (e.g. providing definitions, adding in additional data)

This detailed dataset can't be published openly and is for OFGEM only.

How often should this data be updated? (e.g. once a year, monthly, quarterly)

Annually
